

ROHIT MOHAN SAKHARE

Latur, Maharashtra | +91 7972601847 | rohitsakhare2005@gmail.com | [LinkedIn: linkedin.com/in/rohit-sakhare-95a654373](https://www.linkedin.com/in/rohit-sakhare-95a654373)

PROFESSIONAL SUMMARY

Electronics & Telecommunication Engineering student with hands-on experience in Embedded Systems, IoT, ESP32, Python, and Android Development. Skilled in sensor integration, real-time monitoring systems, and programming. Seeking an Embedded Systems, IoT, or Software Development role to apply technical skills and contribute to innovative projects.

EDUCATION

B.Tech — Electronics & Telecommunication Engineering | DKTE Society's Textile & Engineering Institute

Expected Graduation: 2027 | CGPA: 6.7/10

Diploma — Information Technology | Government Polytechnic Nanded

Year of Passing: 2024 | Percentage: 83.44%

SSC (10th) | Swami Vivekanand Vidyalaya, Janwal

Year of Passing: 2021 | Percentage: 91.80%

TECHNICAL SKILLS

Programming: C, C++, Embedded C, Python, Java, HTML, CSS

Embedded Systems: ESP32, Arduino, 8051, LPC2148 (ARM7), IoT, Android Development

Communication Protocols: UART, SPI, I2C, MQTT, ADC, DAC

Tools: MATLAB, AutoCAD, Arduino IDE, Git/GitHub, PCB Design

PROJECTS

Smart Environment Monitoring System

Technologies: ESP32, Python, IoT, Sensors, MQTT, I2C

- Designed and implemented an IoT-based monitoring system using ESP32 and sensors, enabling real-time data collection, monitoring, and dashboard visualization.
- Integrated MQTT protocol and I2C communication for reliable sensor data transmission and live monitoring.

Traffic Light Detection and Voice Assistance System for the Visually Impaired (ESP32-CAM)

Technologies: ESP32-CAM, Embedded C, Image Processing, IoT

- Developed a computer vision-based system using ESP32-CAM to detect traffic signal colors and provide voice alerts to visually impaired users.
- Integrated camera module, image processing, and audio output for real-time assistance using Embedded C.

Habit Reminder Application

Technologies: Java, Android

- Developed an Android app in Java for daily habit tracking with scheduled push notifications.
- Implemented AlarmManager and NotificationManager for timely and reliable reminder delivery.

WORK EXPERIENCE

IoT & Embedded Systems Intern — SunBeam Infotech, Pune | Dec 2025 – Jan 2026 | Grade: A

- Built an Environment Monitoring System using ESP32 and Python for real-time data acquisition; awarded Grade A.
- Gained practical experience in IoT, embedded systems, and Python programming under professional mentorship.

Web Developer Intern — Kalawati Technologies, Chh. Sambhaji Nagar | Jun 2023 – Aug 2023

- Developed and maintained 3+ responsive web pages using HTML, CSS, and JavaScript, improving UI consistency across the platform.
- Reduced page load issues by applying clean code practices and responsive design, enhancing user experience on mobile and desktop.

CERTIFICATIONS & COURSES

Basics of Digital Marketing — NPTEL

Job-Ready & Employability Skills — Wadhvani Foundation
